PROJECTS

Present LANDSBE is an e-commerce platform designed to offer a wide range of products, from electronics to fashion and home essentials. As a React Developer, I worked on front end to built the user interface using HTML, CSS, Bootstrap, React.JS to create a user-friendly interface and ensure smooth functionality across the platform. I collaborated with UX/UI designers to create responsive layouts and developed reusable components for a smooth user experience. I also integrated RESTful APIs and optimized performance through lazy loading and code splitting.
